

Assignment 6

Create a new database user with specific privileges using the CREATE USER and GRANT commands. Then, write a script to REVOKE certain privileges and DROP the user.

ANS:

```
select user ,host from mysql.user;
```

```
show grants;
```

```
CREATE USER 'Wipro_training'@'localhost' IDENTIFIED BY 'password123';
```

```
GRANT SELECT, INSERT, UPDATE ON product.* TO 'Wipro_training'@'localhost';
```

```
FLUSH PRIVILEGES;
```

```
SHOW GRANTS FOR 'Wipro_training'@'localhost';
```

```
REVOKE INSERT ON product.* FROM 'Wipro_training'@'localhost';
```

```
FLUSH PRIVILEGES;
```

```
DROP USER 'Wipro_training'@'localhost';
```
